

§ 207.360

(ii) On the St. Croix hydroplant pond near the dam.

(iii) On the St. Croix hydroplant tailrace.

(iv) On the St. Croix River near Osceola.

(v) On the St. Croix River near Marine.

(3) The gages are to be installed and maintained by the Northern States Power Co. in a manner satisfactory to the District Engineer, but their operation and inspection is to be under the sole direction of the District Engineer, who will retain the original records, furnishing the Northern States Power Co. with duplicates of the gage records.

[Regs., Apr. 20, 1907, Apr. 10, 1931, as amended at 25 FR 8908, Sept. 16, 1960]

§ 207.360 Rainy River, Minn.; logging regulations for portions of river within jurisdiction of the United States.

(a) During the season of navigation, parties engaged in handling logs upon such portion of the river shall have the right to sluice, drive, and float logs in such manner as may best suit their convenience: *Provided*, A sufficient channel for safe navigation by boats is maintained between 7:00 a.m. and 11:00 p.m. from the opening of navigation to September 15th; between 8:00 a.m. and 11:00 p.m. from September 16th to October 31st; and between 9:00 a.m. and 11:00 p.m. from November 1st to the close of navigation.

(b) Owners of loose logs running in the river must maintain a sufficient force of men on the river to keep the logs in motion and to prevent the formation of log jams or accumulation of logs on the several rapids; and said log owners must also construct and maintain for the control and direction of floating logs, such guide booms on said rapids and at other points on said river, as may be considered necessary by the District Engineer in charge of the District.

(c) Owners of sack and brail rafts must so handle the same as not to interfere with the general navigation of the river or with the approaches to regular boat landings.

33 CFR Ch. II (7-1-14 Edition)

§ 207.370 Big Fork River, Minn.; logging.

(a) During the season of navigation, parties engaged in handling logs upon the river shall have the right to sluice, drive, and float logs in such manner as may best suit their convenience: *Provided*, A sufficient channel is maintained at all times for the navigation of steamboats, flatboats, and other small craft.

(b) A sufficient force of men must accompany each log drive to prevent the formation of log jams and to maintain an open channel for navigation.

(c) This section shall remain in force until modified or rescinded.

[Regs., Feb. 24, 1905]

§ 207.380 Red Lake River, Minn.; logging regulations for portion of river above Thief River Falls.

(a) Parties wishing to run logs on Red Lake River must provide storage booms near the head of the river to take care of said logs.

(b) No one will be permitted to turn into the river at any time more logs than he can receive at his storage boom.

(c) Tows arriving at the head of the river shall turn their logs into the river successively in the order of their arrival, and such logs shall be at once driven to the owner's storage boom.

(d) Parties authorized to run logs on the river shall have the use of the river on successive days in rotation to run their logs from their storage boom down, but not more than 1,000,000 feet, board measure, shall be released from the storage booms on any one day. Said parties must provide a sufficient force of log drivers to keep their logs in motion throughout the section of river above mentioned, so as to avoid obstructing the general navigation of the river.

(e) When a drive is made it shall be so conducted that not more than 1,500,000 feet, board measure, of logs shall pass any point on the river in 24 hours. The decision of the agent appointed by the United States shall be final as to the quantity of logs running at any time.

(f) This section shall remain in force until modified or rescinded.
